

CHILD & ADOLESCENT MENTAL HEALTH -SELF HELP RESOURCES

COMPILED BY CAMHS PRIMARY MENTAL HEALTH TEAM

There are lots of Self-help publications that you can access on line and via Internet searches. It is also considered good practice for charities and organisations, including the NHS, to provide accessible information to people about their condition and treatment.

Self-help materials and interventions have been thought helpful as a psychological intervention in their own right as well as a good starting point to therapist-delivered care. Such interventions have been referred to as 'psychoeducation' which is a general approach involving the provision of therapeutic information, written/video or web based materials as well as support and advice from professionals. Many self help materials use a cognitive, behavioural or problem-solving approach which many young people have found have helped them, and they don't feel the need to attend CAMHS- whilst for others it has provided information and is a good starting point.

All information here has either been recommended to us by young people or parents who have used the material or is from a reliable source. However please note that if you are concerned about any deterioration or worsening of symptoms then please discuss this with the person that referred you or gave you this handout.

general mental health

www.youngminds.org.uk: respected mental health charity

www.moodcafe.co.uk ; Produced by NHS Fife CAMHS

www.ru-ok.org.uk: Mental health charity: Information on relaxation, anger management, etc.

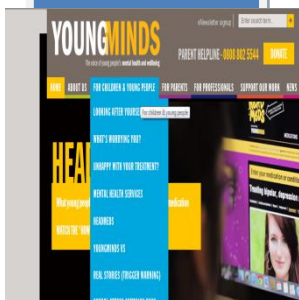

www.rcpsych.ac.uk/mentalhealthinfo/youngpeople.aspx : Produced by Royal College of Psychiatrists: Search by subjects for leaflets and fact sheets about many subjects from depression to sleep problems. Also pages specific to child and adolescent mental health - Look under mental health and growing up for parent/child friendly leaflets.

www.childline.org.uk

For young people and for individuals who are concerned about the safety and well-being of young people. The help and advice section has pages about bullying, abuse, homelessness, suicide and much more. Childline (tel. 0800 1111)

www.healthwholeofme.com self help resources recommended by Forth Valley Psychology Department.

Local Libraries: have books for all ages, as do school libraries. See also [health whole of me](http://www.healthwholeofme.com) for recommendations

Disclaimer: Whilst all attempts have been made to verify information provided, CAMHS cannot accept responsibility for errors, omissions or contrary interpretation of the self help subject matter. There is no guarantee of validity or accuracy of any self help content. If you wish to apply any ideas or strategies from the material recommended, you take full responsibility for your actions.

Information and strategies recommended are designed to allow you to make changes at your own pace. They are not designed to replace individual therapy or intervention but are a good starting point. It is also important to try things early in the development of a problem.

anxiety

www.stressandanxietyinteenagers.com

NHS Lothian. This site offers support, advice and self-help approaches to coping with the effects of stress and anxiety.

CAMHS is a multi-disciplinary service. Team members include Child and Adolescent Psychiatrists, Clinical Psychologists, Mental Health Nurses, Social Workers, Child Psychotherapist, Primary Mental Health Workers. Speech & Language Therapist.

About Our Organisation...

Forth Valley CAMHS follows national guidance that sets out our priorities and referral criteria. We see:

- Children/young people* who have or are suspected to have a mental health disorder and/or neuro developmental condition that results in persistent symptoms of psychological distress.

AND at least one of the following: (**complexity and severity threshold**)

- An associated serious and persistent impairment of their day to day social functioning.
- An associated risk that the child/young person may cause serious harm to themselves or others.

parents

Falkirk Council website

David Fernie, Parenting Coordinator on 01324 506687 or email David.Fernie@falkirk.gov.uk

Clackmannanshire & Stirling Council website

Graeme Young, Parenting Coordinator, on 01786 233939 or email parenting@stirling.gov.uk

You may also wish to contact your local nursery or health visitor.

A list of parenting groups and other supports in Forth Valley can be found at www.scottishfamilies.gov.uk

www.parentlinescotland.org.uk

free helpline for parents/carers who have concerns about a child or young person.

Stress Control Groups: Stress control classes and information are offered across Forth Valley and is open for parents but also young people. FV-UHB.stresscontrol@nhs.net to for more information

Getting It Right For Every Child: Getting it Right for Every Child (GIRFEC) is a national approach to improving children's services. It is a policy that aims to ensure that services work together with children, young people and their families to provide quick and effective support when it is needed. By Summer 2016 all children and young people within Forth Valley will have a Named Person and in some areas this is already happening.

ALL services have a part to play in the emotional and mental wellbeing of children therefore you should contact either Falkirk, Stirling or Clackmannanshire Council. Services like Education, Social Work and Community Learning and Development all have access to services and resources that can help children and young people experiencing difficulties e.g. LGBT, bereavement support, young carers. Contact your local council
